

# THE MILWAUKEE RADIO AMATEURS' CLUB, INC.

## 10-11 Meter Contest

The Milwaukee Radio Amateurs Club invites all of its members and Milwaukee County "Hams" to participate in a 10-11 meter CW and phone contest from fixed or mobile stations Sunday evening, October 29th, from 10:00 P.M. to 11:00 P.M.

The contest call will be "CQ MRAC". Work as many other stations as you can in the one hour. There will be no low power multipliers. Only one point is scored for each station worked regardless of the type of emission. The logs should be tabulated:

Stn. Worked	-RST Recd.	-Contact	- RST sent	-Contact	- Time
	No. Recd.			No. sent	

Be sure to include your name, call, power, antenna, and type of modulation used. Start your log on reverse side, add to it as necessary. Log sheets will be available at regular MRAC meetings.

The rules will be repeated by the contest chairman, W9NKK, at 9:55 PM on 29 MC. just prior to the start of the contest.

Send logs to W9NKK. No logs will be accepted if postmarked later than midnight, November 1st. Even if you have made only one contact, send in your log as participation credit will be given.

Awards will be presented to the winners at the MRAC regular meeting, Thurs. Nov. 9th at the Conference Room, Public Library.

Don't forget that possession of the Irv Kries Memorial Trophy can be won by active participation in the seasons contests.

Start the season right by getting in on this one. Tell all your friends about it.

Contest Chairman, Doug Kluge, W9NKK, 5121 N. Shoreland Ave. (11)
